THE MATTRESS PROTECTOR...

Hidden Hero

of Resident Comfort

**Because comfort begins
beneath the sheets.**

Residents in healthcare, frail care and senior living facilities spend many hours each day in bed.

Yet one of the most important contributors to their comfort is often overlooked.

INTRODUCING

PERLAM®

MOISTURE MANAGEMENT TECHNOLOGY

**COMING SOON
TO SOUTH AFRICA**

Why Breathability Matters

Many waterproof mattress protectors effectively prevent liquid penetration but also trap heat and moisture against the resident.

PERLAM® Moisture Management Technology is different.

Its advanced breathable polyurethane membrane combines waterproof protection with exceptional breathability, helping create a cooler, drier and more comfortable sleeping environment.

Key Benefits

Prevents liquid penetration

Allows moisture vapour to escape

Promotes airflow through the sleep surface

Reduces heat build-up

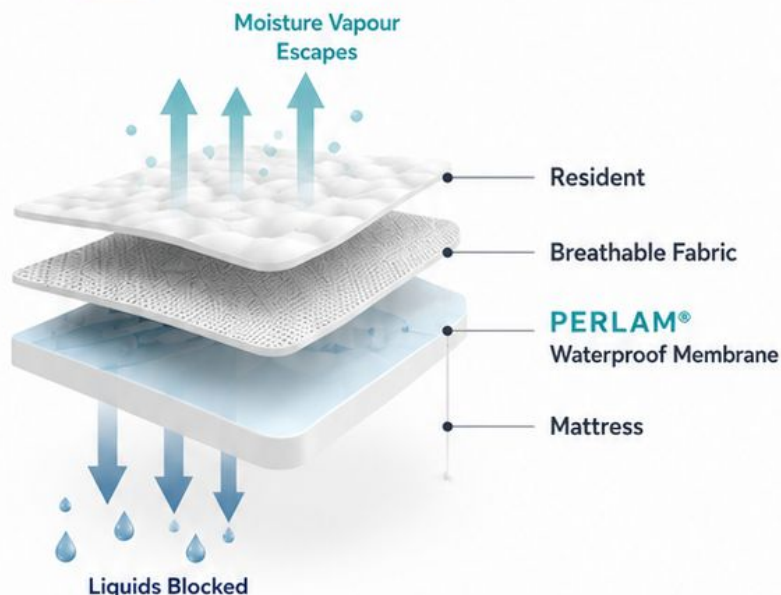

Helps maintain a cooler, drier sleeping environment

Improves resident comfort

Waterproof does not have to mean uncomfortable.

BEETLEMAC SOLUTIONS

THE SOLUTION

Engineered for Comfort. Designed for Care.

PERLAM® Moisture Management Technology delivers the perfect balance of protection, breathability and comfort.

It protects your mattress from liquid penetration while promoting a cooler, drier and more comfortable sleep environment for residents.

PERLAM®

MOISTURE MANAGEMENT TECHNOLOGY

Breathable • Waterproof • Comfortable

The Benefits You Can Feel.

BREATHABLE COMFORT

Allows moisture vapour to escape, reducing heat build-up and promoting a cooler sleep environment.

100% WATERPROOF PROTECTION

Shields mattresses from liquids, helping to prevent stains, odours and bacterial growth.

ENHANCED AIRFLOW

Supports natural air circulation for a fresher, more comfortable sleep surface.

DURABLE & EASY CARE

Machine washable, quick drying and built to withstand the demands of healthcare environments.

BETTER SLEEP. BETTER OUTCOMES.

A more comfortable resident leads to better rest, improved wellbeing and enhanced quality of care.

Trusted in Care.
Engineered to Perform.

- ✓ Helps reduce cross-contamination risk
- ✓ Supports infection prevention protocols
- ✓ Protects your mattress investment
- ✓ Contributes to a safer, more comfortable care environment
